**Subject:** Grower Survey Numbers

Hello All,

I am working with Joe K. to prepare some summary information for a State of the Region address that our Executive Officer will be presenting at the Board Meeting in June. One of the proposed slides would present a summary of the number of grower surveys conducted for each fiscal year (July - June) starting with the 06/07 FY and going through the 10/11 FY. I realize that surveys didn't generally start until FY 08/09 - but I want to be sure I do cover the entire time span.

We would combine the numbers from all Coalition Groups together, not show them per Coalition.

Would I be correct to assume that it would be pretty easy and quick for you to compile this information and email me the totals per fiscal year?

Let me know if you would be able to provide the information to me by next Wednesday 1 June.

Thank you,

Susan Fregien, Senior Environmental Scientist
