Yes you are correct. I left three comments in there because there were your answers to Dany McClure comments. I submitted this final version to the the ILRP and TMDL staff that attended the meeting and there was no further changes on those comments.

Nope – no case file for me :) But I do need to make sure that we are in compliance with what was discussed at our last meeting and since the last version I had included quite a few mark ups and questions I thought that there must be a final version out there somewhere.

I do see that there are some comments still in the version you just sent but at least all of the track changes appear to be accepted. I will file this with my documents for reference.

Thanks,
Melissa

Why are you looking for these? Do you have to put together a case file? Just teasing you....as you know we are instructed to keep documentation of everything and most of the times is just overwhelming.

Here is the final version.

Hi Dania,

I cannot find in my emails a finalized version of the TMDL meeting notes-
could you resend that email with your final meeting notes attached?

Thanks,
Melissa

Good morning Joe,

Could you please provide me with comments by Monday, so I can forward the
final meeting notes to everybody?

Thank you

Dania

Hi Dania,
Attached are the TMDL meeting notes that have been reviewed by myself,
Mike Johnson and Parry.

Please feel free to call me for further clarification.

Thanks,
Melissa

Subject: TDML Mtg Notes - 3 March 2010

Good afternoon,

Here are the DRAFT meeting notes from our 3 March 2010. Please review them for accuracy and provide me with comments (if any) by Monday, April 5th. I left two of the TMDL comments on the track changes mode because I do not have recollection in my notes and I thought that you could clarify better what it was said at the meeting.

As a summary here are the actions item described in Section II of the meeting notes:

Regional Board Follow up Actions

Send an email or letter to the Coalitions to share information with growers regarding:

- a. TMDL Requirements
- b. Porter Cologne
- c. CDO
- d. Prohibition of Discharge, especially for those growers that are non-members of the Coalition and the enforcement actions that Staff can take for non-members

Coalitions Follow up Actions

Send an email to the Staff providing information on:

- a. TMDL Report (e.g. time frame of submittal, coordination process, reporting period, etc.)
- b. Strategy for the sampling events (e.g. coordination process with the Westside).

Staff will review and provide comments to the Coalitions' email and proposal. The Coalition will add the time frame of submittal, coordination process, etc. in the 1 April 2010, Annual Management Plan Update Report.

My Regards,

Dania
