Subject: Re: FW: TECHNICAL Comm. 5/17 Conference Call

The WDR with Highlighted Table of Contents was distributed for review earlier. Those documents should be attached to any agenda.

FYI....

According to their responses neither John Dickey, Mike Johnson or Bruce Houdesheldt are available to participate in this call. Just wanted to let you know in case you wanted to get input directly from them via email or something.

Also...do you have an agenda or some materials you want me to send out?
