CALIFORNIA CODE OF REGULATIONS

TITLE 23. Division 3. Chapter 9. Waste Discharge Reports and Requirements

Article 1. Fees

Section 2200. Annual Fee Schedules

Each person for whom waste discharge requirements have been prescribed pursuant to Section 13263 of the Water Code shall submit, to the State Board, an annual fee in accordance with the following schedules. The fee shall be submitted for each waste discharge requirement order issued to that person.

An ambient water monitoring surcharge will be added to each individual fee as required. The ambient water monitoring surcharge for all discharges pursuant to subdivisions (a) and (c) is 9.5 percent of the calculated fee; the surcharge for all discharges pursuant to subdivision (b) is 21 percent of the calculated fee. The surcharge shall be applied to all permits prior to other surcharges prescribed herein.

(CAF fee schedule starts on page 2 below)

(1) Facilities that are certified under a Quality Assurance Program approved by the State Board or under a County regulatory program approved by the appropriate Regional Board, will receive a 50 percent fee reduction. Any facility that is issued a notice of violation by a Regional Board for an off-property discharge shall not be eligible to receive this fee reduction for a minimum of one billing cycle, and for all subsequent billing cycles until recertification and all corrective actions are complete as determined by the Regional Board.

(2) Facilities that pose no potential to discharge, as determined by a Regional Board, shall pay a fee of \$455. The fee shall be paid each time an application for initial certification or renewal is submitted and shall not be subject to ambient water monitoring surcharges.

2013-14 Fee Schedules

(3) Facilities that are required to submit a report of waste discharge (ROWD) while the facility is under construction and remains so subsequent to the billing cycle will have the annual fee waived until the facility is in operation and animals are present at the facility.

(4) Facility closures that are required to maintain a permit until all requirements are met shall continue to be assessed a fee based at the same rate as when the facility was in operation.
