3. The Complaint proposes an administrative civil liability in the amount of \$3,300 for the alleged violation of the General Permit for the failure to submit a required annual report by July 1, 2009. That proposed amount includes the recovery of staff costs in the amount of \$1,800.
4. To resolve by consent and without further administrative proceedings certain alleged violations of the California Water Code ("CWC") and General Permit, as set forth in the Complaint, the Discharger shall pay \$3,300 to the State Water Resources Control Board Cleanup and Abatement Account, which includes \$1,800 for staff costs. Payment shall be due no later than 30 days following the issuance of this Order by the Regional Water Board.

5. The Parties incorporate Paragraphs 1 through 4 by this reference as if set forth fully herein, stipulate to the entry of this Order as set forth below, and recommend that the Regional Water Board issue this Order to effectuate the settlement.
6. The Discharger hereby agrees to pay the administrative civil liability in the amount of \$3,300 as set forth in Paragraph 4 of Section II herein.
7. The Discharger understands that payment in accordance with this Order is not a substitute for compliance with applicable laws, and that future violations of the type alleged in the Complaint may subject the Discharger to further enforcement, including additional administrative civil liability.
8. Each Party shall bear all attorneys' fees and costs arising from the Party's own counsel in connection with the matters set forth herein.
9. In consideration of the Discharger's compliance with this Stipulation and this Order, the Prosecution Team hereby agrees not to initiate any other administrative or judicial enforcement actions against the Discharger for the violations alleged in the Complaint.
10. In settling this matter, the Discharger does not admit to any of the findings of the Complaint, or that they have been or are in violation of the CWC, or any other federal, state, or local law or ordinance, provided, the Discharger agrees that in the event of any future enforcement actions by the Regional Water Board, this Order may be used as evidence of a prior enforcement action consistent with CWC sections 13327 and 13385.
11. The Discharger understands that this Order must be noticed for a 30-day public comment period prior to consideration by the Regional Water Board or its delegee, the Executive Officer. In the event objections are raised during the public comment period for this Order, the Regional Water Board or the Executive Officer may, under certain circumstances, require a public hearing regarding this Order. In that event, the Parties agree to meet and confer concerning any such objections, and may agree to revise or adjust this Order as necessary or advisable under the circumstances.

14. This Order shall not be modified by any of the Parties by oral representation made before or after its execution. All modifications must be in writing, signed by all Parties, and approved by the Regional Water Board, or its delegate, the Executive Officer.
15. This Stipulation may be signed in counterparts and by facsimile signature.
16. In the event that this Order does not take effect because it is not approved by the Regional Water Board, or its delegate, or is vacated in whole or in part by the State Water Resources Control Board or a court, the Parties acknowledge that they expect to proceed to a contested evidentiary hearing before the Regional Water Board to determine whether to assess administrative civil liabilities for the underlying alleged violations, unless the Parties agree otherwise. The Parties agree that all oral and written statements and agreements made during the course of settlement discussions will not be admissible as evidence in the hearing. The Parties agree to waive any and all objections based on settlement communications in this matter, including, but not limited to:
 - a. Objections related to prejudice or bias of any of the Regional Water Board members or their advisors and any other objections that are premised in whole or in part on the fact that the Regional Water Board members or their advisors were exposed to some of the material facts and the Parties' settlement positions as a consequence of reviewing the Stipulation and/or this Order, and therefore may have formed impressions or conclusions prior to any contested evidentiary hearing on the Complaint in this matter; or
 - b. Laches or delay or other equitable defenses based on the time period for administrative or judicial review to the extent this period has been extended by these settlement proceedings.
