

STATE OF CALIFORNIA
REGIONAL WATER QUALITY CONTROL BOARD
SAN FRANCISCO BAY REGION

STATE SUMMARY REPORT (Lila Tang)
MEETING DATE: June 14, 2006

ITEM: **5E**

SUBJECT: **PACIFIC GAS & ELECTRIC COMPANY, HUNTERS POINT
POWER PLANT, SAN FRANCISCO, SAN FRANCISCO COUNTY;
MARIN MUNICIPAL WATER DISTRICT, DESALINATION PILOT
PLANT, SAN RAFAEL, MARIN COUNTY – Rescission of NPDES
Permits**

CHRONOLOGY: 1994 – Permit for Pacific Gas & Electric Co. adopted by Board
2005 – Permit for Marin Municipal Water District adopted by Board

DISCUSSION: Both the facilities for this item have ceased operating. PG&E permanently shut down its Hunters Point Power Plant in May, and the District shut down its Pilot Desalination Plant in April. The NPDES permits are no longer necessary, have expired, and should be rescinded. We prepared a draft Tentative Order rescinding the permits.

PG&E submitted comments on the Tentative Order requesting that we allow them time to obtain coverage under the State's general industrial storm water permit. We made the requested change and other appropriate updates with the facilities closure information, which are reflected in the attached Revised Tentative Order. All issues are resolved.

RECOMMEN-
DATION: Adoption of the Revised Tentative Order

APPENDICES:
A – Revised Tentative Order
B – Correspondence
D – Response to Comments
