Subject: Trash in Our Bay and Creeks

Chair Muller,

Thank you for acknowledging our regional trash pollution crisis by listing 24 creeks and 2 shoreline sections of the Bay as impaired under the Clean Water Act. For too long, trash from our city streets has been allowed to pollute our creeks, Bay and ocean. The Bay Area should be a leader in environmental standards, including strong trash regulations. Please do everything you can to make sure that trash is not only acknowledged, but is cleaned up from our waterways immediately.

Sincerely

Jaine Gilbert
