

City of Oakland Watershed and Stormwater Management Trash Assessment Form

Date: April 17, 2010

Site: Courtland Creek

Mark "X" on map to show areas of large amounts of accumulated litter or illegally dumped material

Total Number of Bags Trash Collected: 10

Types of Trash (best guess):

| | | | | | |
|------------|-------------------|---|----------------|-------------------|---|
| Plastic: | <u>50</u> | % | Glass: | <u>2</u> | % |
| Styrofoam: | <u>5</u> | % | Aluminum Cans: | <u> </u> | % |
| Paper: | <u>20</u> | % | Other Metal: | <u>15</u> | % |
| Food: | <u> </u> | % | Fabric/Cloth: | <u>5</u> | % |
| Other: | <u>5</u> | % | | | |

Any indication of where the trash originated? For example, is there a logo on food packaging? Please describe: Illegal dumping at the end of the Courtland / Brookdale Cul-de-Sac. Mostly fast food and candy wrappers. Large Illegal Dumping items included computer, tires, broken aquarium, suitcases, stereo speakers, rugs, and etc.

Please return this form to your Site Coordinator. The information collected today will help identify sources of litter.
Thank-you for helping the City of Oakland address trash in its waterways!
