Dear **First Last**,

SUBJECT: 2007 ACREAGE AND INFORMATION UPDATE FOR COOPERATIVE MONITORING PROGRAM BILLING ("Ag Waiver" Order #R3-2004-0117, Conditional Waiver of Waste Discharge Requirements for Discharges from Irrigated Lands)

Enclosed is the annual 2007 Acreage Summary and Information Update Form. **If changes are needed this form must be completed and submitted to the Central Coast Regional Water Quality Control Board no later than November 5, 2007** to ensure that you are billed correctly for your participation in the cooperative monitoring program conducted by the Central Coast Water Quality Preservation, Inc. (Preservation, Inc.).

The purpose of the Acreage Summary and Information Update Form is to provide an opportunity for you to review and update the acreage and billing information in our records. We are trying to make our records as accurate as possible. The acreage information in our records will be submitted to Preservation, Inc. for their 2007-08 billing cycle. Please review your contact information, ranch information and acreage types. Make changes and updates as necessary in the space provided on the form. If additional changes need to be made to your enrollment status, please contact the Central Coast Water Board.

Below is an explanation of the acreage types that you can update on the Acreage Summary and Information Update Form.

Total Tailwater Acres: Irrigated acres with water that leaves the property during irrigation, through tile lines, ditches and/or drains.

Total Irrigated Acres: Irrigated acres used to produce a crop (does not include roads, ponds, or dry-farmed areas).
This number should include all land irrigated during 2007 that is under your control as of October 15, 2007.

Crop Type Acres: Fill in the total acres planted in each type of crop (row, vineyard, orchard, nursery, greenhouse, and other) for an individual ranch.

If there are ranches that you own and/or operate that are not listed on this Acreage Summary and Information Update Form, please contact the Central Coast Water Board.

For additional information or if you have any questions regarding this letter please contact Peter Meertens at (805) 549-3869 or Elaine Sahl at (805) 542-4645. Para información en español, llame a Hector Hernandez at (805) 542-4641.

Sincerely,

Roger W. Briggs
Executive Officer
