**Notes:**

- 1 APN - Assessors Parcel Number. Owners of multiple APNs are identified only by one APN in this table. Thus, wells identified herein may relate to APNs other than that listed.
- 2 Duplicate entries of the same name indicates there were different addresses for this person. A letter was sent to each address.
- 3 The property owner's letter were sent by USPS return receipt; this column documents the return of receipts.
- 4 Contact columns document if the owner contacted URS, if URS contacted the property owner, or if there was no contact. Not listed means that a telephone number could not be found in the local phonebook or by computer search.
- 5 Data Requested from the property owners, by letter and/or phone and/or property visit.
- 6 A return receipt was received; so if the owner did not contact URS, they were assumed to not have a groundwater well on their property.
- 7 This column contains comments from the owners or the statement that there is "Assumed no well". This assumption is based on the non-responsiveness of the landowner to the request letter. (See attachment N-1.)
- 8 No<sup>8</sup> - No letter was sent to this company. They were contacted by email or phone. A site visit was made to Vandenberg AFB.
- 9 NA Column data not applicable
- 10 Talked to owner, representative or tenant face to face.
- 11 OUTSIDE - Indicates that the well(s) is outside the 3-mile radius.
- 12 Yes indicates a property located within 1.25 miles of the approximate center of the town of Casmalia. No means no part of the property falls within the 1.25 mile radius.
- 13 Yes means there is a confirmed active or inactive well onsite. No means no well or an abandoned/destroyed well onsite.
