TENTATIVE WASTE DISCHARGE REQUIREMENTS (WDR) FOR CITY OF VENTURA, MORELAND DRAINAGE DITCH CHANNEL MAINTENANCE, VENTURA COUNTY (File No. 08-110)

We have completed our review of your application for a permit to remove sediments from the Moreland Drainage Ditch and, pursuant to the California Water Code, have prepared tentative Waste Discharge Requirements (WDRs) for consideration by the Los Angeles Regional Water Quality Control Board (Regional Board). Enclosed is a copy of the Tentative Order.

In accordance with administrative procedures, this Board, at a public hearing to be held on September 3, 2009, at 9:00 a.m., at the Metropolitan Water District of Southern California, Board Room, 700 North Alameda Street, Los Angeles, California, will consider the enclosed tentative requirements and comments submitted in writing regarding any and all portions thereof. The Board will hear any testimony pertinent to this project and the tentative requirements.

Written comments regarding this Tentative Order must be received at the Regional Board office by 5:00 p.m. on August 5, 2009, in order to be evaluated by Board staff and included in the Board's agenda package. The Regional Board may exclude from the record written materials received after this date. (Cal. Code Regs. tit. 23, § 648.4.) Timely submittal of written comments is encouraged to ensure that all comments are accurately and fully included in the administrative record, that Board staff is able to provide timely review, and that Regional Board members have sufficient time to give full consideration to the comments and issues raised.
