Los Angeles Regional Water Quality Control Board
320 W. Fourth St. #200
Los Angeles, Ca. 90013

Date January 11, 2016

To Whom it May Concern,

Please be advised No Discharges occurred into open sumps and/or cellars during Dentino Oil Co. Inc. operations. A description of disposal methods, destinations and volumes is as follows. Tank bottom sludge was removed by vacuum truck and hauled to disposal at Arterra Energy Inc. at time of tank relining and repair in 2013. This was approximately 90 barrels. Production water if any is clarified and filtered using active charcoal filter system manufactured by Pure Effect Inc. and disposed in sewer.

I, Mauro Dentino certify under penalty of law that I have personally examined and am familiar with the information submitted in this document and all attachments and that, based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment.
