DEPARTMENT OF PUBLIC WORKS

April 23rd, 2015

Mr. Samuel Unger, P.E., Executive Officer
California Regional Water Quality
Control Board — Los Angeles Region
320 West 4th Street, Suite 200
Los Angeles, CA 90013

Attention: Mr. Chris Lopez

Dear Mr. Unger:

TIME SCHEDULE ORDER BALLONA CREEK, BALLONA ESTUARY, AND SEPULVEDA CHANNEL DRY WEATHER BACTERIA TOTAL MAXIMUM DAILY LOAD COMMENT LETTER

The City of West Hollywood supports the approval of the Time Schedule Order (TSO) for Ballona Creek, Ballona Estuary, and Sepulveda Channel Bacteria Total Maximum Daily Load (Bacteria TMDL). The City of West Hollywood has participated in a watershed wide approach towards compliance with the requirements of the Ballona Creek Bacteria TMDL. In addition, the City of West Hollywood has implemented multiple watershed control measures within its own jurisdiction to improve the water quality of impaired waters in the Ballona Creek Watershed since the Bacteria TMDL became effective on April 27, 2007 as mentioned in the tentative TSO dated March 27, 2015.

West Hollywood will continue efforts to improve water quality in the Ballona Creek Watershed and are committed to the actions in the TSO.

If you have any questions, please contact Sharon Perlstein at (323) 848-6383 or sperlstein@weho.org

CITY OF
WEST HOLLYWOOD

Very truly yours,

Oscar Delgado
