**APPENDIX A  
PROPOSED CHANGES TO THE  
2012 CENTRAL VALLEY 303(d) LIST**

THIS PAGE IS INTENTIONALLY BLANK

## APPENDIX A: PROPOSED CHANGES TO THE 303(d) LIST

This appendix shows the proposed additions to and deletions from the 303(d) List for the Central Valley Region. Additions (new waterbody-pollutant combinations) are shown in **bold** and deletions (delistings of waterbody-pollutant combinations already on the list) are shown in ~~strikethrough~~. This appendix is provided as a reference only. The data, information and assessment supporting each proposed change are contained in the fact sheets in Appendix G. In addition to the changes shown below, some waterbody segments' names and/or geographic delineations have been revised. Changes to water body segment names and delineations are all documented in Appendix H "Miscellaneous Changes".
