

Please Turn in Your Farm Evaluation Immediately! DEADLINE DECEMBER 1, 2015

Water Board is asking for names of members who have not completed their Farm Evaluation so they can begin the enforcement process (described here)

STEP 1: Notice of Violation against member

STEP 2: Filing an Order against member requiring information.

STEP 3: Filing Administrative Civil Liability fine

We asked the Water Board for two more weeks before they begin issuing Notices of Violation to members who did not turn in their farm evaluation. Completing Farm Evaluation is Mandatory Requirement for Coalition Membership

- **If you lost the document: CALL US FOR ANOTHER COPY!**
- **If you need another couple days: CALL US!**
- **If it was already mailed: CALL US!**

Please do not put ESJWQC in the position of having to turn over your name to the Water Board. We have no choice and could lose our ability to represent growers if we refuse the Water Board request for member names who did not submit a Farm Evaluation.

**For information, please call. Have your member identification number ready.
