RESPONSE TO COMMENTS, TENTATIVE WASTE DISCHARGE REQUIREMENTS, CITY OF REEDLEY WASTEWATER TREATMENT FACILITY, FRESNO COUNTY

On 27 October 2010, Carollo Engineers provided on the City's behalf comments on the subject tentative Waste Discharge Requirements (TWDRs) for the City of Reedley Wastewater Treatment Facility (WWTF). Enclosed are responses to those comments and a revised set of TWDRs.

In addition to the changes made in response to the City's comments, Central Valley Water Board staff added Provisions F.13 through F.17 and a section to the Monitoring and Reporting Program that require continued implementation and monitoring of the City's approved pretreatment program. These requirements were in Waste Discharge Requirements Order 5-01-257, which currently regulates discharges from the WWTF.

The response to comments and revised TWDRs are posted on the Central Valley Water Board's website at:

http://www.waterboards.ca.gov/centralvalley/board_decisions/tentative_orders/.

The revised TWDRs are currently calendared as an uncontested item for the Central Valley Water Board's 8/9/10 December meeting. If the City wishes to contest the TWDRs or discuss the response to comments or changes to the TWDRs, please contact Denise Soria at (559) 444-2488 or via email at dsoria@waterboards.ca.gov **immediately**.
