Thank you for your reply. I wanted to add I was in a terrible rush the other day and what I wrote almost sounded like a 5th grader-not to insult 5th graders. In my opinion the project is a good idea for the future-unless funded by the government at this point which to me would be a good way to off-set lost government jobs.

But, to pass the cost on to tax payers at this point-no. Schools, roads, the homeless, elderly and disabled etc. must all come first.

Thanks again,
Nancy L. Clyde and family

Ms. Clyde

I received your emailed comments and will include them in our record. Once all the comments on the tentative NPDES permit for the Sacramento Regional County Sanitation District have been received and reviewed, our office will respond in writing.

Thank you Kathy

This in no time to spend \$\$\$ on this type of research. People are unemployed or low income and can not afford rate increases, period. Save Meals on Wheels instead.
