Subject: Oppose Wastewater discharge permit

Hello, I am the accountant at Natomas Ridge Apartments. I am emailing you to oppose the possible \$30 or more increase in waste water. That would put each unit here over \$100 a month for water/sewer which in this economy is just not a smart decision at this time. We already charge \$73.56 each month per unit and not only have we lost current residents but potential renters as well due to the increasing rates of water/sewer.

Thank you,

Christina Silva
