RE: Oppose the Proposed Discharge Permit

Dear members of the board,

I own a rental property in the Sacramental Regional County Sanitation District service region.

This letter is in opposition to the proposed discharge permit proposal that will be considered by your board in early December.

A \$2 billion dollar bill to businesses and customers is simply unreasonable at this time due to the economy.

We face declining rent and possible vacancies, to absorb a large \$30-\$40 a month increase without being able to raise rents is unacceptable.

I question the scientific evidence as presented to justify this proposal.

I ask that you vote against this proposal rate increase when it comes before you.

Sincerely,

Jon L. Smith
