**Subject:** Vote "NO" to raising fees for water

Dear Water Board Members,

?

This email is to let you know that my family and I are opposed to increasing the water fees in Sacramento.

?

Both the the City and County have sufficient water resources that there appears to be no legitimate?reason to institute?homeowner?fees to have access to it. If it's a matter of raising fees because the cost of processing it for human consumption has increased, I can understand the need to raise water fees. If that is the case, then document such an increase, and my family and I won't be against the raise.

?

If the raise is just to provide additional income to the water board, then we say "NO."

?

Sincerely,

?
