NOTICE OF PUBLIC HEARING
concerning

**WASTE DISCHARGE REQUIREMENTS
FOR**

**GLENN COUNTY
GLENN COUNTY CLASS III MUNICIPAL SOLID WASTE LANDFILL
GLENN COUNTY**

Glenn County (hereafter Discharger) owns and operates a Class III municipal solid waste landfill located approximately five miles west of the town of Artois, Glenn County. The landfill consists of one unlined waste management unit (Unit) covering approximately 76 acres of the 356.39 acre facility. The landfill accepts municipal solid waste from residents and businesses in Glenn County consisting primarily of municipal and industrial refuse, construction and demolition wastes, green waste, fiberglass, and waste tires. Waste disposal activities have impacted groundwater quality in the vicinity of the landfill and the Discharger has proposed closing the landfill, constructing a final cover system over buried wastes, and installing a passive gas collection and venting system beneath the final cover system as corrective action in response to the groundwater impacts. Last receipt of waste at the landfill is anticipated to be late summer of 2016. Final closure construction is required to be completed by 15 November 2018. The landfill currently operates under Waste Discharge Requirements Order No. R5-2006-0119. Order No. R5-2006-0119 is being revised to implement the corrective action program.
