Subject: Preim's and Seneca gold

Good Morning George and Bryan,

My name is Jon Shields; I have been notified by one of the co leasers (Larry Redding) of the Preim property in Seneca CA Plumas County, that David and Lorrie Preim have signed a water permit with Seneca Gold LLC.

Please be advised that there is an on going lawsuit in the Plumas County Superior Court, Case number CV1300149, with Judge Janet Hilde, Department 2 and the case is no where near being resolve.

My son (Dane) originally purchased ALL the mining equipment and MINING rights from David and Lorrie Preim, on March 27, 2012 with a bank wire transfer to David and Lorrie Preim to consummate the purchase. Unfortunately David has made other purchases and leases and is flopping around with other aspirations and attempts to have cash put into his possession. I have recently been advised that in the last few months he has offered the property for sale to others, denying any leases or purchases are in place, defiantly fraudulent actions, which are now being brought to light.

Clearly David and Lorrie Preim are doing things that need to be looked into and the case I mention above is no where near being solved and will by no means be going away by the hearing time in June.

Let this note, stand as my opposition to the water board allowing any permitting to take place as long as continued Legal actions are taking place. The court case has had notice put out that once the prevailing party wins the Lawsuit it may then proceed with mining.

David Preim has flopped around, and now back to Seneca Gold in efforts to get cash in his pocket part of their agreement puts \$25,000 into his account once permits are completed.

I additionally request a copy of whatever the Preim's have signed with or for the Water Board for my records.

Our lease purchase contract signed by both the Preim's and Notarized by both David and Lorrie Preim requires OUR signatures to allow any course of action regarding the property, I believe Larry Redding has forwarded a copy.

Thank you for your cooperation in this matter

Jon N. Shields
