

Hi Trey,

It was nice to meet you last week. This is certainly an interesting project you are working on. I had a meeting last week with all of the Agricultural Commissioners who represent counties in Region 5. We spoke about the pesticide language in your draft WDR and BMP's and have some suggestions for you. We recommend either of the following:

- "Pesticides as defined in Division 6 (commencing with Section 11401) of the Food and Agricultural Code"
- "Pesticides, including insecticides, miticides, rodenticides, herbicides, and fungicides"

Here is the current language in AB 266 for your reference as well.

(c) The Department of Pesticide Regulation shall promulgate regulations that require that the application of pesticides or other pest control in connection with the indoor or outdoor cultivation of medical cannabis meets standards equivalent to Division 6 (commencing with Section 11401) of the Food and Agricultural Code and its implementing regulations.

Josh Huntsinger
Agricultural Commissioner/Sealer of Weights and Measures
Placer County
