Guy,

The first complaint our office received from Morning Star was August 7, 2015 around 3:30-4:00 pm. The complainant (Dawn) came into the Environmental Health Office to make the complaint. She was concerned that in the previous years the odor was not as strong and also did not start this early in the season.

Also Suzie did contact you and provided you the complainants name and number. I am not sure if you followed up with her.

Hope this helps.

Thank You,
