Hi Pedro,
Andrew asked that I respond and set up a conference call. We are available this week on Wednesday from 11-12 or 1-3, on Thursday from 9-10 or 2:30 to 3:30. Please let me know if any of those times work for you.

thanks

Wendy Wyels

Good Morning Mr. Altevogt,

We are highly devoted to solving all issues associated with Cleanup and Abatement Order R5-2015-0704; as a result, we hired Dewberry Consulting to address the CAO mandates relevant to the wastewater plant. I would like to know if you are available for a phone conversation so that Jeff Stanley and I can discuss the permanent solutions. We can place the call at your convenience.

Pedro B. Reyes

Subject: Cleanup and Abatement Order R5-2015-0704

Dear Mr. Vasconcellos, I am writing to express concern with adherence to Cleanup and Abatement Order (CAO) R5-2015-0704 as it applies to the wastewater treatment plant at Deuel Vocational Institution. As I believe you are aware, the CAO requires submittal of a number of technical reports. DVI has failed to submit three reports that meet the intent of the CAO (RO Plant Spare Parts status, MBR Modules Replacement Time Schedule, and O&M Manual/SOPs). Our staff has attempted to work with your staff for several months in an attempt to obtain adequate reports, to no avail.

Based on the lateness of the reports, DVI is currently subject to over \$350,000 in penalties. In addition, we are extremely concerned about the poor performance of the wastewater treatment plant and the numerous recent violations of the effluent limitation found in the NPDES permit.

I would be happy to discuss the situation with you at your earliest convenience.

Thank you,

Andrew Altevogt
