

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD  
LAHONTAN REGION

MEETING OF JANUARY 11 AND 12, 2001  
South Lake Tahoe

**ITEM:** 5

**SUBJECT:** **RECISSION OF WASTE DISCHARGE REQUIREMENTS FOR  
CHICHESTER SUBDIVISION, MONO COUNTY**

**CHRONOLOGY:** Date Action  
August 13, 1985 Adopted Waste Discharge Requirements  
(Board Order No. 6-85-97)

**DISCUSSION:** The Chichester Subdivision project consists of 20 lots totaling 74 acres. Private property owners installed individual residential septic tanks/leachfields. Recent inspection of the project area indicates that the project has been completed and that the effects of construction and onsite domestic waste disposal no longer pose a threat to water quality. The wastewater treatment and disposal systems are regulated by the County.

Comments were solicited from interested parties. No adverse comments were received.

**RECOMMENDATION:** Adoption of the Order as Proposed.
