

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
COLORADO RIVER BASIN REGION

ORDER NO. 84-13

WASTE DISCHARGE REQUIREMENTS
FOR
RIVER LODGE RESORT
South of Parker Dam - San Bernardino County

The California Regional Water Quality Control Board, Colorado River Basin Region, finds that:

1. River Lodge Resort, Bud Drake, owner (hereinafter also referred to as the discharger), P. O. Box 57, Parker Dam, California 92267, submitted a complete Report of Waste Discharge, dated April 24, 1984.
2. The discharger proposes to discharge a maximum of 25,000 gallons-per-day of domestic sewage with the addition of 100 recreational vehicle spaces, and two restrooms to an existing motel, 34-space recreational vehicle park and restaurant. Wastewater from the additional facilities (as from those existing) would be discharged into septic tank/leach field disposal systems, which would be located in the SE $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Section 16 and the SW $\frac{1}{4}$ of Section 15, T2N, R27E, SBB&M.
3. The discharger is reserving areas of sufficient size for possible future 100 percent replacement of the leach lines.
4. There are no domestic wells within 200 feet of the proposed discharge facilities described in Findings No. 2 and 3 (above).
5. The discharger is diverting water from the Colorado River for the park water supply.
6. Pursuant to the U.S. Supreme Court ruling in Arizona v. California, 373 U.S. 546, 83 S.C.T. 1468 (1963), diversion of water from the lower Colorado River is regulated by contracts between the diverters and the Secretary of the Interior. The discharger must take whatever steps are necessary to secure a valid right for the diversion of all water needed for the project.
7. The discharger states that the wastewater disposal facilities are more than 200 feet from the high water line of the Colorado River.
8. The Water Quality Control Plan for the Colorado River Basin Region of California was adopted by the Board on May 16, 1984. The Basin Plan contains water quality objectives for the Colorado Hydrologic Unit.
9. The beneficial uses of the ground water of the Colorado Hydrologic Unit are:
 - a. Municipal supply
 - b. Industrial supply
 - c. Agricultural supply

*Superseded

3/18/87*

10. The Board has notified the discharger and interested agencies and persons of its intent to prescribe waste discharge requirements for the proposed discharge.
11. The Board in a public meeting heard and considered all comments pertaining to the proposed discharge.
12. The Regional Board approved on June 20, 1984, Negative Declaration SCH# 84043010 for this expansion in accordance with the California Environmental Quality Act and State Guidelines. The Board determined that there will be no substantial adverse effect on the environment as a result of this project.

IT IS HEREBY ORDERED, the discharger shall comply with the following:

A. Discharge Specifications

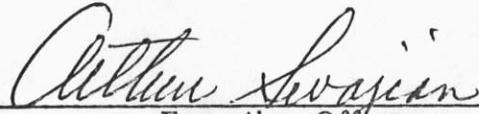

1. Neither the treatment nor the discharge of wastewater shall create a pollution or nuisance as defined in Division 7 of the California Water Code.
2. No wastewater other than domestic sewage shall be discharged at this location.
3. Wastewater discharged subsurface shall be retained underground with no surfacing.
4. Adequate measures shall be taken to assure that flood or surface drainage waters do not erode or otherwise render portions of the discharge facilities inoperable.
5. Septic tank cleanings shall be discharged only by a duly authorized service.
6. The sewage disposal facilities shall not be located within 200 feet of the regulated high water line of the Colorado River.

B. Provisions

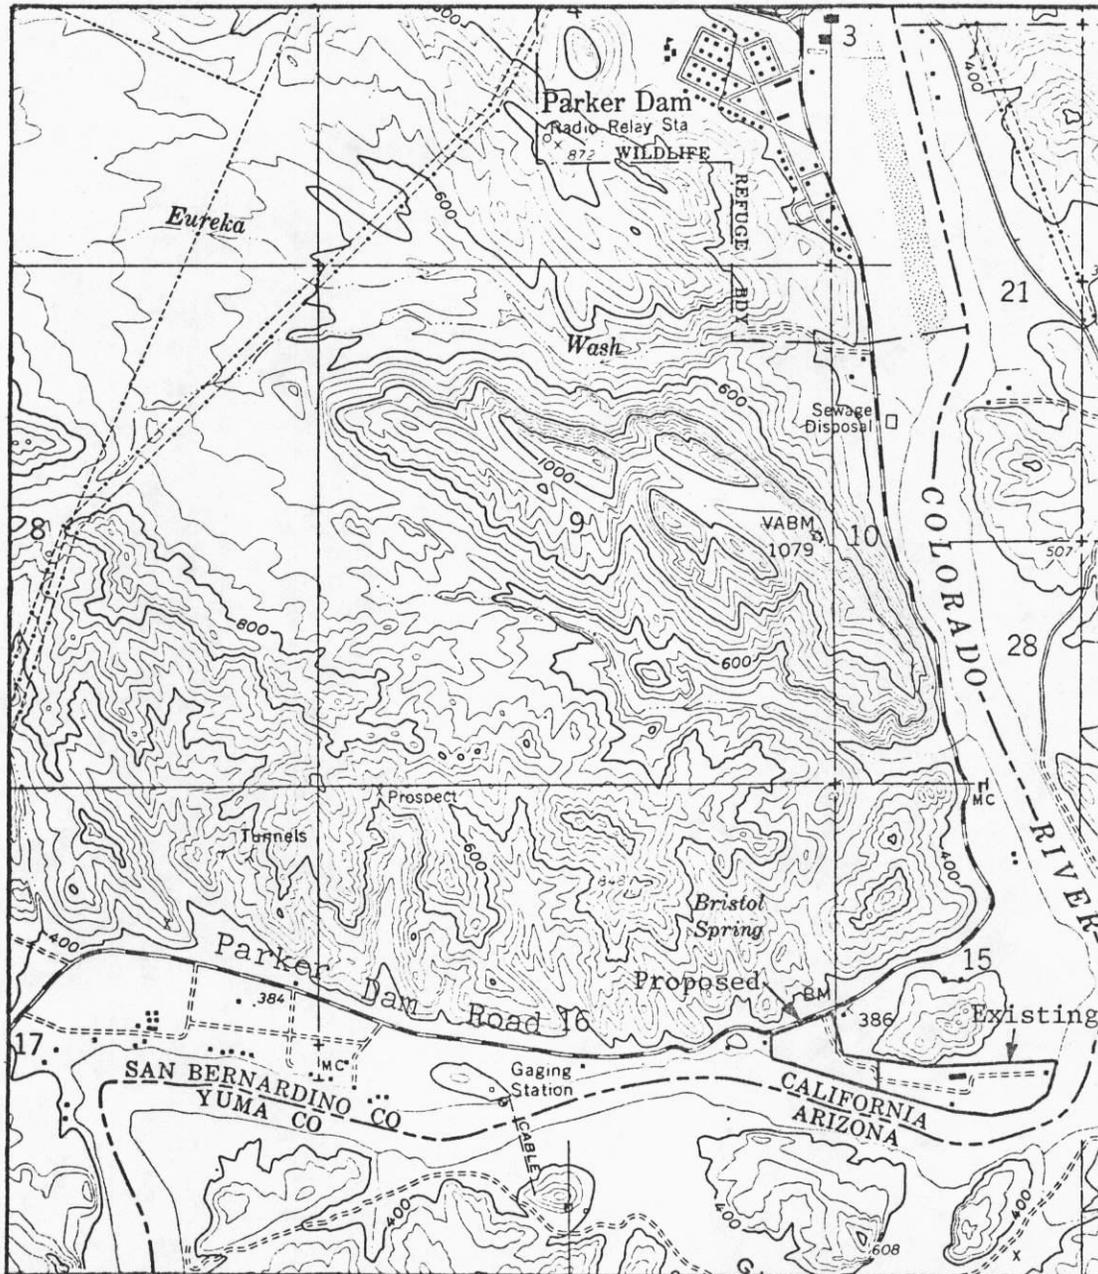

1. Sufficient land area shall be reserved for possible future 100 percent replacement of the proposed leach fields, until such time as this development is connected to a municipal sewerage system.
2. Upon request from this Board's Executive Officer, the discharger shall furnish technical and/or monitoring reports on the treatment and discharge of wastes.
3. Prior to any modifications in this facility which would result in material change in the quality or quantity of wastewater discharged, or any material change in location of discharge, the discharger shall report in writing to the Regional Board.
4. Prior to any change of ownership of this motel, restaurant and recreational vehicle park, the discharger shall:
 - a. Specify as a condition of transfer that the area specified in Provision B.1. (above) remain servient to the development, for the purpose of providing additional subsurface sewage disposal capacity, until such time as this development is connected to a municipal sewerage system.

- b. Transmit a copy of this Order to the succeeding owner or operator, and file a copy of the transmittal letter with this Board.

I, Arthur Swajian, Executive Officer, do hereby certify the foregoing is a full, true and correct copy of an Order adopted by the California Regional Water Quality Control Board, Colorado River Basin Region, on June 20, 1984.
