

Date:

August 14, 2008

Applicant:

California Department of Transportation

Project Name:

Whitewater River Check-Dam Installation

Receiving Water:

Whitewater River

Location:

The Whitewater River Check-Dam Installation Project is located at the Whitewater River and I-10 Bridge in Whitewater, Riverside County, California. The project site is located in Section 11, Township 3 South, Range 3 East, San Bernardino Baseline and Meridian at 33° 55' 21.62" N Latitude by 116° 38' 09.57" W Longitude.

Project Description:

The California Department of Transportation (Caltrans) proposes to install a check-dam structure across the Whitewater River, downstream of the I-10 Bridge. The check-dam will be installed to control the stream flow velocity to reduce the risk of scour of the footings for the Whitewater River Bridge. Caltrans proposes to construct an approximately 0.50-acre grouted riprap check-dam structure that will be comprised of native rock, gravel and sand materials.
