Project Name:

U.S. Gypsum Company - Plaster City Water Supply Pipeline Project

WDID NO. 7A133081001

Receiving Water:

Westside Main Canal

Location:

City or Area: Plaster City, County: Imperial

Longitude/Latitude: 32° 47'21.61" North, 115° 48'54.14" West

Township/Range: T16S, R12E and R11E

Project Description:

Obtain water from the Imperial Irrigation District Westside Main Canal for daily operational uses at the U.S. Gypsum Plaster City Plant. Project activities include the installation of an intake valve and pump station at the Imperial Irrigation district Westside Main Canal, and the trenching and burial of a 12-inch diameter PVC water supply pipeline approximately 5 miles in length within the Union Pacific Railroad right-of-way from the Westside Main Canal westerly to the U.S. Gypsum Plaster City Plant.

Action:

Pending
