

**California Regional Water Quality Control Board
Santa Ana Region**

March 2, 2007

ITEM: 11

SUBJECT: Status Report on Development of Total Maximum Daily Loads (TMDLs) for the Organochlorine Compounds in San Diego Creek, Upper Newport Bay, and Lower Newport Bay

This item will be presented orally at the Board meeting.

The status report will provide an update of Board staff's progress on the San Diego Creek/Newport Bay Watershed Organochlorine Compounds (OCs) TMDLs. Included in the discussion will be the matrices that Orange County and Board staff are preparing in response to the request by the Regional Board at the December 1, 2006 Board meeting.
