**CHANGES TO RESOLUTION NO. R8-2006-0024
Quail Valley Septic System Prohibition**

(Language deleted is stricken through)

(Language added is **shaded**)

1. Resolution No. R8-2006-0024, Page 5 of 7 of the Resolution, Item No. (4), modify subparagraphs (a), (b) and (c) as follows:

(a). For areas in Quail Valley other than areas 4 and 9, new systems **may** shall be permitted, provided the Regional Board finds that the sewerage agency proposes, and is on schedule, to provide sewer service for areas 4 and 9 within five years of the effective date of this amendment, and if the lot proposed for a septic system meets all of the standards of both the Board and Riverside County.

(b) If the Board finds that the sewerage agency cannot meet the schedule identified in 1(4)(a), above, but that design of the project proceeds nonetheless, then, upon completion of the sewer system design, new systems **may** shall be permitted in areas other than 4 and 9, if all Board and County requirements are met.

(c) If the Board finds that the sewerage agency, for whatever reason (such as voter rejection of a funding mechanism for the project), is unable to meet the schedule identified in 1(4)(a), above, or the conditions specified in 1(4)(b), above, then no new septic systems shall be permitted for the Quail Valley area (Attachment "A").
