

Santa Ana Regional Water Quality Control Board

AGENDA

**Public Workshop
Draft Orange County Municipal Separate Storm Sewer System (“MS4”) Permit**

**May 19, 2014
10:00AM to Noon**

**18700 Ward Street
Fountain Valley**

The public comment period for the Draft Orange County MS4 Permit opened on May 5, 2014 and will end on June 20, 2014. During this period, there has been scheduled this Public Workshop with a second workshop to be held during the June 13, 2014 Board meeting. Comments may be submitted to Regional Board staff at any time during the comment period, including during both workshops.

During the Public Workshop, Regional Board staff will provide an overview of the Draft Permit. Oral comments and questions can be provided at break periods during the presentation. Regional Board staff will answer questions but may not respond to comments at this time. Responses to comments will be provided at a later time.
