### **CONDITIONAL APPROVAL OF INTEGRATED WATERSHED MONITORING PROGRAM AND QUALITY ASSURANCE PROGRAM PLAN; ORDER NO. R8-2010-0036, NPDES NO. CAS618036 (MS4 PERMIT)**

Dear Mr. Bowman:

On August 1, 2011, the Permittees submitted a final draft of the Integrated Watershed Monitoring Program (IWMP) and the Quality Assurance Program Plan (QAPP). These documents were posted on our website for public review and comments. No public comment was received.

We have completed our review of the final draft of the IWMP and the QAPP and have determined that they meet the Receiving Waters and Urban Runoff Monitoring and Reporting Program (MRP) requirements provided the following comments are addressed in the next update of the documents:

1. Since the IWMP will replace the current monitoring program when it is approved, we would like this document to be a standalone document. The Permittees' response to our comment in this matter stated that a compilation of the summary of the evolution of the monitoring program will be attached in the introductory section of the 2010-2011 Annual Report. Please include that summary in the IWMP.
2. Tables 6 & 7 of the IWMP should include the following constituent:
  - Methylene Blue-Activated Substances (MBAS)
3. Please indicate the Pilot Pollutant Source Identification and Control Plan sampling locations in Figure 3: Site 5 Drainage Map on page 19 of the IWMP.
4. Please incorporate the attached errata sheet into the IWMP.

In accordance with Section IV.A of the MRP, the IWMP and the QAPP are hereby approved with the above changes and the changes as indicated in the enclosed errata

**California Environmental Protection Agency**

sheet. As per Section IV.A of the MRP, the approved IWMP shall be implemented within six months of approval.
