SUBJECT: Request to Rescind NPDES Permit Number CA0001228, Order Number 2000-04, San Onofre Nuclear Generating Station, Unit 1

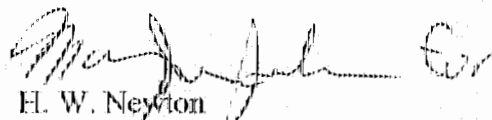

Dear Mr. Robertus:

We request that the Unit 1 NPDES Permit Number CA0001228, Order Number 200-04 be rescinded. As part of addendum number 1, for NPDES permits CA0108073 Order Number R9-2005-0005 and CA0108181 Order Number R9-2005-0006, all remaining Unit 1 low volume waste streams were routed to the Units 2 and 3 outfalls. There are no longer any plans to discharge any water to the Unit 1 outfall.

In December 2006, the stop gates were installed on the Unit 1 circulating water intake and outfall tunnels. SCE is currently working with the State Lands Commission (SLC) for the permanent disposition of the Unit 1 circulating water tunnels. Therefore, we request that the Unit 1 NPDES permit be permanently rescinded.

If you have any questions, you can call Robert Heckler at (949) 368-6816.

Sincerely,

H. W. Newton
