Subject: Orange County MS4 Permits Coordination Proposed Agenda
Attachments: July 23 EPA_RB agenda.docx

Looking forward to Wednesday's discussion.

Please see the proposed agenda and let me know if you have any comments or suggestions by tomorrow.

Thanks!

Subject: RE: Orange County MS4 Permits Coordination

Jamie –

Could you please provide an agenda for this proposed meeting? As you are aware, Region 8 is anticipating permit adoption at our September 19th Board meeting. Due to the tight timeline, any comments/recommendations should be made as soon as possible to avoid delays. Also, is the County of Orange aware of EPA's permit alignment proposal?

If you have any questions, please contact me.

Thank you,

Michelle R. Beckwith, Chief
Senior Environmental Scientist
Coastal Storm Water Unit

Jamie –

I have a few dates/times that seem to be open for most of the Board staff. Unfortunately, the R8 OC MS4 permit author will be unavailable the last week of July, thus the possible August dates/times.

7/16 1:30-3pm
7/23 1-3pm
8/5 1-3pm
8/6 1-3pm

Please let me know which dates/times work for your group and I'll set up a meeting appointment with a teleconference number.

Thanks,

Michelle R. Beckwith, Chief

Hi Jaime-

Sounds good. I am available on the 16th and most of that week. The last week in July is fairly open.

Michelle and Eric,

Would you guys be available to sit down with us and talk about opportunities for permit alignment between your two boards? Since both your OC MS4 permit reissuances are looming, I think it would be good timing to get together and see where each other stand and look for ways to coordinate requirements.

I understand we are meeting to discuss our comments with the Santa Ana Board on 7/16, so maybe this could be a follow-up to that meeting later in July? Please let us know what your availability considerations are.

Thanks!

**Regional Board 8/Regional Board 9/US Environmental Protection Agency
Discussion of OC MS4 Permits**

July 23, 2014
1:00-2:00

**Conference phone: 866-680-0146
Code: 764743**

Meeting purpose: to discuss issues and strategies for Orange County MS4 permitting and seek areas for coordination.

1. Introductions (All)
2. Permit Status Updates (RB8/RB9)- Brief overview of permit statuses and planned timelines. Recap of July 1 Board Workshop (RB9).
3. Discussion of upcoming issues for RB9 Permit (RB9)-
 - a. Over-irrigation prohibition.
 - b. Off-site compliance options for the development of planning requirements.
4. Discussion of differing permitting approaches (all)-
 - a. TMDL compliance: level of specificity for plan requirements and necessary BMPs; receiving water limits.
 - b. Action levels (RB9) vs data-analysis approach (RB8).
 - c. New development/significant redevelopment and identifying areas of private development as candidates for retrofitting.
5. Next Steps- Potential follow-up opportunities?
