Dear Mr. Alpert,

Thank you for your time on the phone today. I am writing you to formalize the cancellation of our NPDES permit for our previous location at, 970 Turquoise St. San Diego, CA 92109 i.e. facility number 9 000000267. Effective August 31, 2006, because of a sale of our portable exchange water softening business, we no longer discharge brine effluent into the storm drain behind that building. Effective October 1, 2006 we completely vacated that location and moved to the location above. Regarding the permit fees for 2006-2007, I paid a prorated portion of \$199.50 on check no. 15574 covering July and August 2006; therefore, the remainder of the permit fees should be removed. Again, please cancel the permit for our prior location.

Sincerely,

  
Grant Boroff  
President
