SUBJECT: WASTE DISCHARGE REQUIREMENTS FOR GOESNO PLACE
REPOSITORY, NATIONAL CITY, CALIFORNIA, ORDER #93-018

Dear Mr. Robertus:

On June 4, 1998, the last of the sediments were removed from the confined disposal facility at the Goesno Place Repository, National City, California. Since that time, the Port has removed the banks of the repository and leveled the soil in that area. Based on the destruction of the confined disposal facility, the Port requests that Waste Discharge Order #93-018 be rescinded.

The Port would appreciate a prompt response to our request, and if you have any questions, please contact me at 686-6254.

Sincerely,

EILEEN M. MAHER
Senior Environmental Quality Specialist

Hi Brian,

Have you heard back from your staff yet?

Amanda

Good Morning Brian,

I can't find any documents that indicate the completion date of Milcon Project P-700A (Order NO. 2000-001). Can you provide me the date that this project was completed? Also I would like to confirm the completion dates for the following projects.

Milcon Project p-326 (Order No. 2001-325) ...June 2003

Homeporting Project (Order No. 95-118)...09/10/1998

Thank you,
Amanda
