The California Regional Water Quality Control Board, San Diego Region (San Diego Water Board) is functioning as the lead agency under the California Environmental Quality Act (CEQA) and has principal responsibility for approving the proposed project. The San Diego Water Board is responsible for preparation of environmental documents pursuant to CEQA. Please be advised that consistent with CEQA Guidelines (Cal. Code Regs., tit.14, §15221(b)), the San Diego Water Board will use *the Final Environmental Impact Statement for Basewide Utilities Infrastructure Marines Corps Base Camp Pendleton California* (EIS) dated September 2010 and the *Final Supplemental Environmental Assessment for the Northern Tertiary Regional Tertiary Treatment Plant and Associated Facilities, Milcon P-1043, Marines Corps Base Camp Pendleton, California* (FSEA), dated February 2013, as the Environmental Impact Report for Tentative Order No. R9-2014-0006, *Master Reclamation Permit for the United States Marine Corps Base* (Tentative Order).

The USMC circulated the EIS and FSEA for public review as broadly as CEQA requires pursuant to the CEQA Guidelines (Cal. Code Regs., tit. 14, § 15087(a)). Notice of the

San Diego Water Board's Use of the EIS and FSEA as an Environmental Impact Report under CEQA was published in the San Diego Union Tribune on May 24, 2014 and published in the UT North County Times on May 28, 2014, posted on the San Diego Water Board webpage on May 21, 2014, and sent to selected State, local, and federal agencies on May 21, 2014. This notice fulfills the circulation of documents requirement for notice of availability of a draft environmental impact report pursuant to California Code of Regulations, Title 14, section 15087(a).
