RE: Notice of Adoption of Order No. R9-2014-0041 for Conditional Waivers of Waste Discharge Requirements for Low Threat Discharges in the San Diego Region.

Dear Mr. Mitchell:

Please accept this letter as CEMEX Construction Materials Pacific, LLC., Palomar Oceanside, Mission Valley, and Palomar Escondido batch plants Notice of Intent (NOI) for conditional Waivers of Waste Discharge Requirements for Low Threat Discharges in the San Diego Region Order No. R9-2014-0041 for reference code 245785 located at 2925 Industry Street, Oceanside, reference code 240982 located at 2499 Qualcomm Way, San Diego, and reference code 222924 located at 849 West Washington Ave., Escondido. CEMEX is requesting termination of Waste Discharge Requirements Orders No 88-37, 93-119, and 88-66 and enrollment into the Slurry Waiver No.9 with the San Diego Regional Water Quality Control Board. In order to comply with the general and specific conditions of the Order and Slurry Waiver No. 9 the Palomar Oceanside, Mission Valley, and Palomar Escondido plants divert slurries and runoff into sumps where the water is reused in the production process. Each facility is enrolled in the Industrial Storm Water Permit as Facility WDID No.'s 937I025321, 937I025318, and 937I025320.

Please do not hesitate to contact me if additional information is needed.

Sincerely,

A handwritten signature in black ink, appearing to read "Roger Mitchell".
