

San Diego Water Board Meeting
Action Items
June 20, 2018
(underlined names are responsible for the action)

Item 4 – Reports

1. Board Member Olson invites fellow Board Members to visit an Indirect Potable Reuse site in the Riverside Water Board portion of Orange County.

Course of Action: Chris Blank will coordinate the trip among interested Board Members and appropriate staff.

Hours needed to complete request: 40

Estimated Completion Date: October 4, 2018

Item 10 – NPDES Permit Reissuance for SeaWorld

2. Board Member Olson want to visit the waste water treatment facility at SeaWorld.

Course of Action: Brandi Outwin-Beals and Chris Blank will coordinate a trip for Dr. Olson and other interested Board Members.

Hours needed to complete request: 32

Estimated Completion Date: October 31, 2018

3. The Board Chair and Vice-Chair want staff to incorporate education of the public on the need to protect water quality into Board actions whenever practicable.

Course of Action: Jimmy Smith will work with the Branch Chiefs and legal counsel to ensure this take place when and where appropriate.

Hours needed to complete request: 8 hours initially and then on-going indefinitely.

Estimated Completion Date: On-going indefinitely.

Item 8 – San Onofre Nuclear Generating Station (SONGS)

4. Several Board Members had questions that were not answered at the Board Meeting. Southern California Edison will be invited back for another meeting in the next 3-12 months to address the following questions:

- a. Update on the decommissioning process, including status of the spent nuclear fuel.
- b. Explanation on calculation of shut down costs. Particularly, did estimates include inflation?
- c. How many curies are stored on site relative to the amount at Chernobyl and Fukushima?
How much was released from those two sites? What is the status of the area around those accidents out to 20 kilometers?

Board Member Abarbanel wants to meet with Southern California Edison to discuss development of a new strategy to compel a federal solution to the storage of spent nuclear fuel.

Course of Action: David Barker will work to schedule another update on the SONGS. Dave Gibson will discuss with the Board Chair how to approach development of a new strategy.

Hours needed to complete request: 80

Estimated Completion Date: on-going.
