

**REGIONAL WATER QUALITY CONTROL BOARD  
SAN DIEGO REGION**

**EXECUTIVE OFFICER SUMMARY REPORT  
JUNE 10, 2020**

**ITEM 3**

**SUBJECT**

Future Agenda Items: Recommended Course of Action and Estimated Staff Hours to address Action Items from the May 2020 Board Meeting. *(Kelly Dorsey)*

**STAFF RECOMMENDATION**

This is an informational discussion item only. The Board will only offer direction to staff and will not take any formal action.

**KEY ISSUE**

Many Board Agenda items result in additional actions needed by staff. It is important that staff and the Board clearly understand the expected actions, the time estimated to complete the item and the impact on other projects.

**PRACTICAL VISION**

This item implements the Practical Vision values of transparency and communication by publicly engaging the Board in directing future staff work and resource commitments.

**DISCUSSION**

This item affords the Board the opportunity to discuss issues they would like to appear on future agendas. This includes informational items, status reports, general updates, and priorities for consideration of permit issuance / reissuance. Additional tasks outside Board Meetings may also be requested. The public may also address the Board during this item. Updates on requested Future Agenda Items can be found in the Executive Officer's Report.

Two action items resulted from the May 2020 Board Meeting (Supporting Document No. 1). Mr. Anderson offered to meet with Commercial Agricultural Program staff to discuss the resources available to the agricultural community to assist them in complying with regulatory requirements, and Chair Abarbanel asked Executive Officer Gibson to send appointment requests to each of the Board Members for the tentatively scheduled June 2, 2020 USEPA Public Stakeholder meeting regarding the use of funds appropriated for water quality projects in the Tijuana River Valley. In total, an estimated 12 hours of staff time was needed to address these requests.

**PUBLIC NOTICE**

The agenda notice for today's meeting was posted on the San Diego Water Board's website and sent to subscribers to the email list for Board meetings. This satisfies the Bagley-Keene Open Meeting Act requirements to publish the meeting notice and agenda.
