3.0 PROJECT DESCRIPTION

PERMIT NAME	ISSUING AGENCY	PURPOSE OF PERMIT
Building Permit	San Diego County Department of Planning and Land Use—Building Division	Defines standards for construction of structures
Section 106 ^e	State Historic Preservation Office	Consultation regarding cultural resources
Major Use Permit ^f	San Diego County Department of Planning and Land Use	Exportation or sale of aggregate material

^a Two alternatives that do not require a variance have been included in Chapter 6 of this Final EIR.

^b For the landfill and ancillary facilities, including the RO system.

^c Either a Section 7 or Habitat Loss Permit may be obtained to authorize an incidental take.

^d A reclamation plan may not be required because the State Surface Mining and Reclamation Act does not apply to certain activities as provided in Public Resources Code Section 2714(b).

^e Section 106 consultation under the National Historic Preservation Act (NHPA), if and to the extent required, if applicable.

^f The San Diego County Ordinance, under the definition of borrow pit, allows for nine exceptions to the requirement for a MUP for the exportation and sale of aggregate material. Some of the exceptions include site preparation that is completed within a one-year timeframe. Therefore, the initial construction phase may be exempt from the requirement for a MUP. However, the project has been designed to accommodate the storage of all excavated material on-site. If the exportation or sale of aggregate material were to occur, the applicant would obtain the MUP, if necessary, prior to the exportation or sale of material.
