

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD  
SAN FRANCISCO BAY REGION

ORDER NO. 88-165

RESCINDING NPDES PERMIT FOR  
CLEANERS HANGER COMPANY  
UNION CITY, ALAMEDA COUNTY

The California Regional Water Quality Control Board, San Francisco Bay Region finds that:

1. Cleaners Hanger Company, hereinafter called the discharger, has previously been issued a permit by this Board under the National Pollutant Discharge Elimination System (NPDES) in Order Nos. 79-3 and 84-9.
2. The discharger qualifies for a permit rescission because it has ceased its discharge of wastewater to surface waters, subsequent to reduction of its water consumption, implementation of a wastewater recycling system and connection of its discharge of unrecyclable wastewaters to the sanitary district.
3. The rescission of the permit for the discharge is exempt from the provisions of Chapter 3 (commencing with Section 21000 of Division 13) of the Public Resources Code (CEQA) pursuant to Section 13389 of the California Water Code.
4. The Board has notified the discharger and interested agencies and persons of its intent to rescind the waste discharge requirements, and has provided them with an opportunity for a public hearing and an opportunity to submit their written views and recommendations.
5. The Board in a public meeting heard and considered all comments pertaining to the rescission of waste discharge requirements for Cleaners Hanger Company.

IT IS HEREBY ORDERED that the Regional Board Orders cited in Finding 1 of this Order are rescinded.

I, Steven R. Ritchie, Executive Officer, do hereby certify that the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Quality Control Board, San Francisco Bay Region, on November 16, 1988.
