Subject: Public Comments on the Tentative Order for Waste Discharge Requirements for the Upper Berryessa Creek Flood Risk Management Project

Dear Chair Young and Members of the Board:

On behalf of the Milpitas Chamber of Commerce, I would like to express my views on the tentative order for waste discharge requirements (WDR) related to the Upper Berryessa Creek Flood Risk Management Project (Berryessa Project), as I may not be able to attend the public hearing on this project. In short, I urge the Regional Board to authorize the implementation of the Berryessa Project **WITHOUT** the proposed WDR requirements, for the reasons described in this letter.

The Berryessa Project will, once constructed, ensure flood protection for homes, schools, businesses, and critical transportation infrastructure, including the new BART Silicon Valley Milpitas Station, from a 100-year flood event. This protection will prevent over \$528 million in potential flood damages, and ensure that our businesses—which power our local economy—and the regionally-significant Milpitas BART station can stay open and operate without interruption.

Adoption of the tentative order could, at a minimum, result in significant delays for the project and the flood protection it would provide, leading to long-term waste of public funds and, at worst, result in the U.S. Army Corps of Engineers (the project's construction lead) canceling or terminating the Berryessa Project. This would not only leave our businesses vulnerable to flood damages that could impact our local economy, but also could put the Milpitas BART station out of service during times of flooding, significantly impacting this crucial transportation hub right here in our city.

For these reasons, I urge the Regional Board to authorize the implementation of this project without the WDR requirements, and allow the Berryessa Project to proceed, which will benefit not just our local businesses and economy, but Silicon Valley and the region as a whole.

Please feel free to contact me at (408) 263-8888 or Karen@KHahnCPA.Com, should you have any questions.

Sincerely,

Karen Hahn
President, Milpitas Chamber of Commerce Board of Directors
