Re: Town of Woodside amendment to the MRP 2010-2011

This letter is intended to formally submit an amendment to the Town of Woodside's MRP for 2010-2011. Specifically, the Town has amended its answer to Section C.5.e.iii and C.5.f.iii.(1),(2),(3). The amendments are attached to this letter.

Sincerely,

Gratien Etchebehere
Authorized Representative of the Town of Woodside

P.O. Box 620005

Section 5 – Provision C.5 Illicit Discharge Detection and Elimination

Program Highlights

Provide background information, highlights, trends, etc.

The Town of Woodside is very sensitive to any complaint made concerning illicit discharges and responds very rapidly. The Town has an ERP in use. The Town has a small commercial area or any industrial areas.

C.5.c.iii ▶ Complaint and Spill Response Phone Number and Spill Contact List

List below or attach your complaint and spill response phone number and spill contact list.

Contact	Description	Phone Number
Gratien Etchebehere	Town of Woodside, Community Preservation Officer	(650) 851-6790
San Mateo County Environmental Health	Public Health Organization	(650) 372-6200

C.5.d.iii ▶ Evaluation of Mobile Business Program

Describe implementation of minimum standards and BMPs for mobile businesses and your enforcement strategy. This may include participation in the BASMAA Mobile Surface Cleaners regional program or local activities.

Description: **The Town responds to mobile business complaints just like any illicit discharge complaint. The Town responds immediately and conducts thorough investigations. The Town has not hired any mobile surface cleaners but if the Town did, they would make sure they are certified.**

C.5.e.iii ▶ Evaluation of Collection System Screening Program

Provide a summary or attach a summary of your collection screening program, a summary of problems found during collection system screening and any changes to the screening program this FY.

Description: The Town does not have any major stormwater facilities. The Town's drainage system is left natural in every area possible. Most of the Town's roads have small vegetated swales on the side of the road and pipes under driveways to The Town does have a few very minor or ancillary pipes and culverts that take water from one side of the road to another and are allowed to naturally infiltrate into the ground.

C.5.f.iii.(1), (2), (3) ▶ Spill and Discharge Complaint Tracking

Spill and Discharge Complaint Tracking (fill out the following table or include an attachment of the following information)

	Number	Percentage

Discharges reported (C.5.f.iii.(1))	3	
Discharges reaching storm drains and/or receiving waters (C.5.f.iii.(2))	3	100
Discharges resolved in a timely manner (C.5.f.iii.(3))	3	100

Comments: **The Town responds immediately to any illicit discharge complaint made. The Town conducts an investigation and then enters the information onto our Trakit System. This allows staff to track any updates other staff members have made and upload any pictures. If the Town does confirm a violation, the Town will pursue enforcement, which varies upon the severity of the violation.**

C.5.f.iii.(4) ►Summary of major types of discharges and complaints

Provide a narrative or attach a table and/or graph.

The Town had three complaints about possible illicit discharges. The three complaints were about BMP's at small private horse facilities not being followed. In all three cases, Town staff conducted an investigation and found horse facility BMP's were not being followed. The horse facilities were not in the vicinity of waterways, but the Town still made the owners submit, for approval, a manure management plan. The Town then conducted two random inspections at each facility to ensure that the BMP's were being followed.
