**Jurisdiction:** City of Fremont

**Ownership:** Alameda County Flood Control and Conservation District

**Agency Contact:** Val Blakely 510.494.4577 vblakely@fremont.gov  
Environmental Specialist

## Justification

### Information Supporting Selection as a Hot Spot (Attach additional photos as necessary):

The City of Fremont's Environmental Services Division conducts over 10 creek/street cleanups per year. As a result of these cleanups, the amount of pounds was counted during each cleanup and annually over time. This creek was selected as the top seven hot spots that contain the most trash present through either multiple or all the following ways: accumulation, littering, windblown, or illegal dumping.

The Mission Creek Hot Spot receives trash by wind, littering and illegal dumping from the continuous recreational and curricular use of Central Park. In addition, trash comes from upstream that consists of the Laguna Creek Watershed with retail businesses, two K-12 schools, a college, various residential properties and a small golf course.

Cleanups are conducted along over 1,100 yards of Mission Creek inside the park that includes the Mission Creek Hot Spot.
