Informational Workshop on Permanent Closure of Single-Walled Underground Storage Tanks and State Water Resources Control Board Funding Opportunities for Closure and Cleanup

Tuesday, May 17, 2016, 9:00 a.m. – 12:00 p.m.
The Community Room of Redding Library
1100 Parkview Avenue, Redding Ca, 96001

BACKGROUND

Single-walled underground storage tank (USTs), including single-walled piping, must be permanently closed in accordance with Health and Safety Code, chapter 6.7, section 25292.05 by December 31, 2025. This workshop is to provide information regarding the single-walled UST requirements created with the passage of Senate Bill No. 445 (Stats. 2014, ch. 547), as well as State Water Resources Control Board funding opportunities to meet those requirements.

UST Leak Prevention Program staff will discuss in detail the design and construction requirements, as well as the closure requirements, imposed by Senate Bill 445. Replacing, Removing, or Upgrading Underground Storage Tanks (RUST) Program staff will discuss loan and grant funding opportunities available to assist eligible small business owners/operators to meet the single-walled UST removal requirement. Lastly, UST Cleanup Fund staff will present information regarding cleanup funds available to assist eligible owners/operators with cleaning up petroleum-related contamination from the UST.

PARKING AND ACCESSIBILITY

The Redding Library is located at 1100 Parkview Avenue, on the south corner of Parkview Avenue and Grape Avenue. Onsite parking is available.

A map to the Redding Library can be found on their website at <http://www.shastalibraries.org/branch/location/Redding>
