Subject: comment letter-suction dredge mining

there are a lot of other thins going on in this time and day that some body has nothing better to do than come up with b/s.dredging has been going a long time the world will not come to a end .If you all could come up with somthing that my be more importint that could inperv somthing .dredgeing only clouds the water for a short time now more than a storm with hard rain that washes sediment trash oil gas and what have you thanks.bruce wynkoop
