

6/12/07 Workshop
Suction Dredge Mining
Deadline: 6/22/07 Noon

"COMMENT LETTER - SUCTION DREDGE MINING"

5-19-07

STATE WATER RESOURCES CONTROL BOARD

SUCTION DREDGE MINING ADDS NOTHING
HARMFUL TO OUR WATER BUT DOES REMOVE
A LOT OF BAD THINGS FROM IT.

SUCTION DREDGE MINING IS THE ONLY ACTIVITY
TODAY THAT IS REMOVING LEAD, MERCURY AND
HEAVY METALS FROM OUR STREAMS AND RIVERS.
NO OTHER GROUP, PUBLIC OR GOVERNMENTAL,
IS PERFORMING THIS SERVICE.

A handwritten signature in cursive script, appearing to read "Charles Holmes".
