dear sirs, my name is Dan Christenson. I reside at 7061 S. 3050 E. salt lake city utah. 84121. I feel that dredging has little or no impact on the water quality and temperature. (Hassler, T.J., W.L, Semmor and G.R. Stern, 1986). In addition, the Oregon Siskiyou dredge study (SNF,2001) States, "There is no evidence that suction dredging has any effect on stream temperature." i find it a great way to keep in good physical and mental health.
